=> save all temp

ENTER NAME OR (END):l10669365/l

'L10669365/L' IN USE

A single name cannot be used for two saved items at the same time.
Enter "Y" if you wish to replace the current saved name with a new
definition. Enter "N" if the current saved definition must be
preserved. You may then reenter the SAVE command with a different
saved name. Enter "DISPLAY SAVED" at an arrow prompt (=>) to see a
list of your currently defined saved names.

REPLACE OLD DEFINITION? Y/(N):n
